///spearhead.corded.ember

The building dates from the 1830s and is not fully accessible. We are working on this. 9a is located on the second floor. There is a tenant's lift, so there is some lift access, although a member of the 9a team must be present if visitors need to use the lift.

We are happy to discuss your access needs, and keen to support your visit. Please contact us at [info@9aprojects.org](mailto:info@9aprojects.org).

There is very limited parking at the mill. We welcome drop-off and pick-up by car, although journeys by public transport or active travel (cycling, walking) are preferred.

### **Todmorden Train Station.**

There are regular trains from Manchester to Todmorden and from Leeds to Todmorden. The train station has a reliable taxi office JB Taxis.
